

REMARKS

Claims 1-8, 17-22, 42-44, 46-54 and 55-59 were pending in the application. New claims 60-98 have been added. Claims 1-8, 17-22, 42-44, 46-54 and 55-59 were pending in the application and previously allowed (as indicated in a Notice of Allowance mailed October 11, 2007). In the foregoing amendments, new claims 60-98 have been added. Support for these amendments can be found in the specification and claims of the application as filed. No new matter has been added.

Applicants respectfully request entry of the foregoing amendments and reconsideration of the application in light of the amendments above and the remarks below.

REFERENCES CITED IN ATTACHED IDS

Prior to issuance, Applicant realized that two references and a PCT International Search Report were not disclosed to the U.S. Patent and Trademark Office during prosecution of the patent application. The two references, US6,023,198 and EP0735693, and the International Search Report are submitted in an attached IDS. These two references are not pertinent to this case since the claims they were relevant to were previously canceled. U.S. patent no. 6,023,198 pertained to originally filed claims 38-41. European reference EP0735693A1 pertained to originally filed claims 34-41. Claims 34-41 were previously canceled.

NEW CLAIMS

New claims 60-68 depend on allowed independent claim 54. Therefore, new claims 60-68 are also allowable for at least the reasons noted for claim 54.

New claims 69-78 depend on allowed claim 55. Therefore, claims 69-78 are also allowable for at least the reasons noted for claim 55.

New claims 79-83 depend on allowed independent claim 56. Therefore, new claims 79-83 are also allowable for at least the reasons noted for claim 56.

New claims 84-88 depend on allowed claim 57. Therefore, claims 84-88 are also allowable for at least the reasons noted for claim 57.

New claims 89-93 depend on allowed independent claim 58. Therefore, new claims 89-93 are also allowable for at least the reasons noted for claim 58.

New claims 94-98 depend on allowed claim 59. Therefore, claims 94-98 are also allowable for at least the reasons noted for claim 59.

New claims 60-68 recite features analogous to those found in allowed claims 2-5, 7-8 and 42-44, respectively. Therefore, claims 60-68 introduce no new matter.

New claims 69-78 recite features analogous to those found in allowed claims 2-8 and 42-44, respectively. Therefore, claims 69-78 introduce no new matter.

New claims 79-83, 84-88, 89-93 and 94-98 recite features analogous to those found in allowed claims 18-22, respectively. Therefore, claims 79-83, 84-88, 89-93 introduce no new matter.

REQUEST FOR ALLOWANCE

In view of the foregoing, Applicant submits that all pending claims in the application are patentable. Accordingly, reconsideration and allowance of this application is earnestly solicited. Should any issues remain unresolved, the Examiner is encouraged to telephone the undersigned at the number provided below.

Respectfully submitted,

Dated December 20, 2007
